

Build your business networks with confidence

## CONNECT YOUR WORLD WITH GLOBAL CROSSING PRIVATE LINE SERVICE

Build your business networks with confidence. Run with the power and reliability of Global Crossing's worldwide, seamless backbone.

### SERVICES

Secure, dedicated, data transmission service offering circuit speeds from T-1 or E-1 to STM-16/OC-48, including Ethernet connection options. SDH/SONET self-healing network architecture provides millisecond restoration of service for unparalleled continuous reliability.

### FEATURES & BENEFITS

- **Multiple access options:**
  - ❖ POP Interconnection
  - ❖ Colocation
  - ❖ Metro Services
  - ❖ Local Loops
- **Unsurpassed DWDM networking expertise**
- **Web-based reporting & multi-currency billing**
- **Connect 200+ major cities in 27 countries**
- **24 / 7 network monitoring service and support backs transmission reliability**
- **Competitive service guarantees for reliability and on-time provisioning**
- **High capacity fan-out service capabilities via the Global Crossing OneConnect Private Line™ offer**
- **Full suite of Interface and Transmission rates supported**

Circuit/Interface Type	Transmission Rate(s)
T1	1.544 Mbps
E1	2.048 Mbps
E3	34 Mbps
DS3	45 Mbps
FastE	50 & 100 Mbps <i>(10 Mbps available in Europe)</i>
STM-1 or OC-3	155 Mbps
STM-4/c or OC-12/c	622 Mbps
Optical Ethernet/GigE	150, 300 & 600 Mbps
STM16/c or OC-48/c	2.488 Gbps

### RELIABLE WORLDWIDE CONNECTIVITY

Global Crossing's core network provides Private Line service globally to more than 300 cities in 30 countries, and with the extensive list of global partners, Global Crossing can deliver private line service to over 600 cities, in 60 countries, in 6 continents around the globe. This extensive global reach allows you to build networks that connect all the major cities of North America, South America, Europe and Asia Pacific on a self-healing and redundant SDH/SONET architecture providing transmission uptime that's virtually bullet-proof.

### NON-STOP, WORLDWIDE SUPPORT

Network Operations Centers monitor and manage the Global Crossing network and switching systems 24/7, providing real-time problem diagnosis and resolution. Our multi-lingual Customer Care Centers deliver convenient, one-contact resolution for any network service issues.

### UCOMMAND®. YOU CONTROL.

With uCommand, you are in control. This industry leading online account management tool gives you access to the information you need securely and instantly. Access your account 24 hours a day to manage your network and services, obtain invoices, order new services, view performance reports, interact with customer service and more. It's easy and it's free.
